

LAKESIDE WATER DISTRICT
2026 APPLICATION FOR TEMPORARY
3" FIRE HYDRANT CONSTRUCTION METER

COMPANY NAME _____

ADDRESS _____

CITY _____ STATE _____ ZIP _____

TAX ID# _____ TELEPHONE _____

BILLING ADDRESS (IF DIFFERENT FROM ABOVE);

REQUESTED LOCATION _____

PURPOSE FOR WHICH WATER IS PURCHASED _____

HOW LONG WILL METER BE NEEDED _____

WILL THE CONNECTION BE BY WATER TRUCK, DROP TANK OR PIPE _____

Water Truck or Drop Tank usage must have an approved Air Gap fill pipe. If the connection is by a pipeline, a reduced pressure principal backflow prevention assembly will be required to be furnished by the applicant. Once installed, a successful certified test shall be submitted to the Cross Connection Control Department via email at form@lakesidewater.org. (If use is less than eight months a District supplied assembly may be provided with an increased deposit as shown below)

CHARGES: 3" METER (Effective 1-1-2026)

DEPOSIT (Meter only or when customer provides backflow assembly)	\$1,000.00
DEPOSIT (When District provides backflow assembly)	\$2,000.00
SET & REMOVE CHARGE (one-time)	\$ 90.00
RELOCATION CHARGE (each time)	\$ 30.00
METER CHARGE/month	\$ 123.98
CONSUMPTION CHARGE/month	\$ 12.88/hcf

Bills for "Meter Charge and Consumption Charge" are **monthly** and due when mailed and retain a current status for 20 days. A late payment charge of 10% will be added on delinquent accounts.

I, the undersigned, understand that I am responsible for the loss of/ or any damages to the Construction Meter or the Backflow Assembly if required. Proper SPANNER wrenches and fittings shall be used on the fire hydrant and hose protection must be provided if private streets are crossed. (No PUBLIC streets may be crossed) I am responsible for any damages occurring to the public or private property as a result of using or operating the meter.
