13) Director’s Report and Ad Hoc Sub-Committees Report. No Report

14) Operations Report. Operations Superintendent Johnze reported:

1) Capital Projects:
   Gay Rio Reservoir Roof Replacement. Preparing to finish grading around the tank and complete final asphalt repair and fencing.
   Almond Rd. Pipeline Replacement. First phase of 8” PVC pipeline replacement is about complete approx. 970 l.f. which included 22 services. Completing bacteriological sampling now. Contractor Cass/Arrieta working well.

2) Developer Projects:
   Erreca’s water main installation is continuing on Old Vigilant Road. Contractor is planning Saturday work because of the high trucking activity on the road.

3) Security Installation at High Meadow Ranch Reservoir in response to vandalism occurring at the tank. We now have a new live video feed of the tank sent to the Operations office through our new scada equipment. We also have new video surveillance of our front office and better camera throughout the property.
4) Part-time position has been filled.
5) Installed a new 2” service and 4” fire service on Vigilante Road for new building.
6) County of San Diego Projects: Lemoncrest Ave. Storm Drain Project. Contractor is preparing to start on Lemoncrest Dr.
7) 0 watermain break, 1 service leak, and 1 fire hydrant hit by

15) Manager's Quarterly Report. The General Manager reported on:

1) Yerba Valley Annexation; CWA is ready to start on the Board Report and has requested additional information from the homeowners and additional demand projections from us. Working to get all the requested information to them for their September meeting.

2) Credit Card Fees; Summarized credit card fees of nearby water agencies and where LWD fits in and also what our breakdown is of District payments. The trend is to receive more electronic payments through credit card/web based payments. Check payments are still the highest payment type, but the percentage is slowly coming down. Credit card fees have our highest transaction fee but lowest labor cost. Check processing still has the highest labor cost even though the process in now more electronic.

3) Phishing Attack; Detailed a problem that we had with a hack of our e-mail system. Involved e-mails going out with realistic looking district addresses. We increased our virus protection and got each district computer cleaned and cleared of any viruses. We have increased our data backups to ensure that we can recover quickly and safely in the event of any future problems.
